RE: Update Regarding COVID and FLU cases

Greenway Residents and Loved Ones,

Here is the latest update on COVID and Flu cases. As of today, we have three residents that have tested positive for COVID in our River Banks Assisted Living Neighborhood. We have no other cases of COVID in any of the other Greenway Neighborhoods (Broad, Congaree, Saluda, Rose Gardens, or Sanders). We have zero Flu cases. We currently have zero employees with COVID or Flu.

Due to a recent COVID outbreak, Rose Gardens has been in quarantine for three weeks. As of tomorrow, Thanksgiving Day, Rose Gardens will be released from quarantine. While we are excited to share this news, we would like to be proactive in trying to prevent a new outbreak as much as we can. With that being said, communal dining will be postponed in Rose Gardens until further notice. This pertains to Rose Gardens only. Residents may leave for the holiday meal but may not have guests eat with them in the neighborhood unless it is in the resident's room.

Families and guests may still visit loved ones in all neighborhoods, but we do recommend wearing a mask. As always, we recommend that you practice strict sanitizing procedures in relations to handwashing, etc. Also, please follow any specific guidance posted on the entry doors to the community and to resident rooms.

If you present with signs and symptoms of either the Flu or COVID, please do not visit Still Hopes. If you test positive for either illness after visiting Still Hopes, please let us know as soon as you can. We recommend you either call the Greenway front desk, or the Unit Coordinator for your respective neighborhood. Those numbers are listed below.

Thank you for your diligence and support. We appreciate you and your loved ones especially during these holiday seasons. I wish for a wonderful Thanksgiving.

Greenway Front Desk	803-995-8100
Broad, Congaree, Saluda	803-995-8115
River Banks	803-995-8101
Rose Gardens	803-796-6801
Sanders	803-739-5137
